WORK EXPERIENCE

Blue Star Donuts

Jun. 2017 – Nov. 2024

Production Supervisor | Feb. 2019 – Nov. 2024

Portland, OR

- Directed operations in a 24-hour production kitchen with 40+ staff, ensuring efficient processes and high-quality product consistency for 8 locations.
- Developed and maintained quality control systems and production timelines, enhancing operational efficiency and product excellence.
- Demonstrated proficiency in Google Suite for document management, with a particular emphasis on using Google Sheets and Microsoft Excel for internal production metrics and overall operational management.
- Oversaw and managed training, scheduling, and payroll for production staff, utilizing platforms like Paycom, Homebase, and ADP Dolce.
- Initiated the Blue Star Donuts' Wholesale department, overseeing production logistics, food safety, and staff training to comply with PCQI and FDA regulations.

Production Lead | Sept. 2018 – Feb. 2019

- Drove key production initiatives and quality control improvements through proactive leadership and collaboration with the Production Leadership team.
- Led and optimized staff meetings, enhancing team communication and coordination on production policies, safety standards, and quality control measures.
- Ensured adherence to health codes, OSHA regulations, and company policies, addressed staffing issues and maintained operational excellence.

Donut maker | Jun. 2017 – Sept. 2018

- Resolved staffing challenges, enhanced daily production efficiency under tight deadlines, and maintained high health and sanitation standards to boost team productivity and meet quality benchmarks.

ON Stand Bar

Mar. 2013 – Apr. 2017

Bartender

St. Petersburg, FL
